Describing people for a quarter of a century – that takes skill. In this review, the real expert in the field Serhiy Saroyan, the leader of the problems once called "Pamyat" in Ukraine. Why is this "large-caliber" member still working free and not sitting in prison as he should be, and what do former employees and clients speak about him, read in this article in the Media Hub.

At the moment, the leader of the forex scam called "Stratusfx" on the territory of Ukraine is Serhiy Saroyan, who is known to many people in the past under the nickname of the company Pentozig "Stratusfx" was headed and "managed" at some by Volodymyr Chernobay who died in Europe while hiding from law enforcement. Into the "business" of Saroyan and Volodymyr Anna Chernobay and Vladimir Dzel Sazonov as well as other accomplices.

Serhiy Saroyan is called cunning, odious, and ambitious. And not without reason. The "business" of this person is a pyramid, in which he deceives both his clients and employees. By the way, we will talk about the reviews from both the former and the latter a little later in our material, so we recommend reading to the end.
